

Follow-up report on the Advent Group Art Show

The Congregation responded very enthusiastically and positively to this initiative on the three Sundays of Advent. We also attracted new artists from within the congregation who were delighted at the opportunity to display their work to a very appreciative audience!

The predominant feedback was that we need to have more of these shows. So, we've received the Rector's blessing to organize two more Group Art Shows: 1. during two Sundays, Feb. 28th and mar. 7th respectively, in Lent with the theme "Contemplative or Meditation" and 2. during two Sundays after Easter, April 18th and 25th, with a theme of "Joy or Elation".

We've added a few new volunteers to help us in the initiative of the Visual Arts Program – and even a non-parishioner has come aboard to help us make this project a reality.

The project of enhancing the ASR to display art in a memorable way, without upsetting the existing décor has started afresh with two new enthusiastic and committed volunteers in Walter Blackwell and Mark Tearle.
